Raising Achievement by Learning Together and Caring for Each Other

TO ALL PARENTS/GUARDIANS OF ALPERTON COMMUNITY SCHOOL STUDENTS

08th January 2008

Dear Parent / Guardian

Biometric Cashless Catering System

Thank you to all the Parents who attended the Information evening about the Cashless Catering System on the 6th of January '09.

The start dates for this new cashless system for the payment of school meals has now been **changed to the 9th of February '09 at Upper School** and on **the 23rd of February '09 at Lower School**.

We are also implementing a new service called **ParentPay** which will simplify payment procedures for those parents who wish to prepay for their child's school meals using a debit/credit card through an on-line payment system. Further details of this procedure are attached.

You will still be able to give your child cash if you prefer. The main difference to the procedure will be that they will insert their money in a cash loader Units at each site which will in turn 'credit' their account. They can also check their balances on these units.

During next week Nationwide staff will be in school to register finger-scan all students. Please be assured that it is not possible for the information taken to be used for any other purpose. You need to complete the below reply slip and return to the school to confirm your choice. If no reply is received then we would assume that you agree for the biometric registration for your child.

Contd...

✂

Please **tick one of the below** to confirm your chosen option to register your child for use of the cashless catering system.

Biometric

PIN No.

Name **Student Name:** **Year:**

Please return this slip to the school by Friday, 16th January '09.

INVESTOR IN PEOPLE

All the information regarding the cashless system will also be available on the school website at www.alperton.brent.sch.uk . I hope this new system will enable us to provide an even better school meals service and help us to keep students healthy and safe.

Yours sincerely

Mrs M Rafee
